**RE: Planned Parenthood Occupancy at 3051 East New York Street**

Dear Ms. Weingartz:

I am in receipt of your September 19, 2007 correspondence concerning the above referenced matter. You stated therein as follows: "*we will maintain the status quo as to occupancy of this site until the hearing tomorrow, September 20, 2007.*" As you are undoubtedly aware, the hearing has been concluded with Judge Norgle having denied Planned Parenthood's Complaint for Preliminary Injunction. As I'm sure you are also aware, the current legal status quo is that occupancy of the subject property is unlawful. This is true whether that occupancy be the conducting of business or any other physical presence within the building.

Once again I have been informed that individuals are currently occupying the subject property. This letter shall constitute yet another formal demand for the City of Aurora to enforce its ordinances against the unlawful occupation of this property.

Very Truly Yours,

Vincent A. Tessitore

Cc: Mayor Thomas J. Weisner
