"A silent scream of unborn for equal justice"

"Speak up for those who cannot speak for themselves, for the rights of all who are destitute. Speak up and judge fairly; defend the right if the poor and needy"- Proverbs 31:8-9

First pro-life rally in Nepal

"When I heard the news about the six aborted babies found in the river bank by a radio I could not sustain my heart and sleep well. I was just waiting for morning to be break . When the morning broke I went to the leading authority of the case and took all the detail information of the case and collected the photos of the babies too. I informed them that we will organize a condolence and peace rally in the memory of these babies. So, we held the rally on 14th February 2010."

Let the photo itself speak to you

"There was a great challenge to organize the rally. First, it was a quite new and strange issue for the people and second, people were afraid of the Government pressure."- Elisha

"Even, in the midst of those challenges I gave invitation to people by corresponding letters, by media announcement, by e-mails, by meeting personally and in group."- Elisha

"On the 14th February, 2010 at 9.00 am, God performed His miracle. We found participants beyond of our expectation. We saw the real heart for the voiceless unborn babies" - Elisha
