Mr. Weber,

I appreciate your response and willingness to explain your position with regard to Prochoice Resources.

Your company is listed first on the PCR website sponsor page, leaving the clear impression that your business is the most prominent sponsor of the fundraiser. The fact that you are contractually hosting the event certainly has placed your business in a direct relationship with this evil organization. Let's make this absolutely clear, their business is about aiding in and directly paying for the killing of innocent human beings.

Not allowing your beliefs to be a part of your business decisions is unfathomable to me and will be to the thousands of families in the area who will be alienated by the business decision to host this vile event.

I further appreciate your offer to meet. That may work sometime in the future.

Brian,

Thank you for taking the time to share your thoughts with me. I'll try to explain how this event came to be and a little of the background of the Park Tavern. P.C.R. came to me a number of months ago looking for a venue to host their event. I viewed this strictly as an opportunity to generate revenue and expose myself to a large number of people that may not have been here before. I am not a sponsor of it. I'm not sure how familiar you are with the Tavern but we are well known and respected in the charitable / non profit community. Annually I host events for , to just name a few, BBBS, Junior Olympics, Junior achievement , multiple 3-Day Walk events, Children's Heart Hospital, Leukemia Lymphoma Society, Huntington's Disease and much, much more. There's a good chance someone you know has been here for such an event. Please understand that I'm not trying to explain myself as much as wanting you to understand the person, me , behind the business. I have always kept my personal beliefs away from my business. I've been blessed ,for the last 35 years, with a very successful business. Every day when we open our doors, I have the responsibility of ensuring 85 employees that I will continue to operate a viable business at a high level to enable them to make a decent living. I view

operate a viable business at a high level to enable them to make a decent living. From the P.C.R, and countless other events, as the vehicles to keep my business a leader in this highly competitive industry. Both of us have a true passion for our business. I shouldn't speak for you but your contacting me shows me you do. My beliefs are probably more similar to yours than you think. I will admit it was disturbing when you said you'd make the "relationship" known. My relationships are with my family, friends and staff. I don't have time for much else. I'm disturbed not because I think it will effect my business, but rather someone may make an unfair judgment of me as a person. I take enormous pride of what I've done at the Tavern. I'd be happy to sit down with you any time and have a cup of coffee, if you'd ever like to meet me. By the way, I'm adopted.
Phil Weber.
