Jeanne,

Offering support to any pro-life organization does not mitigate the support for abortion. There is not an equality of issues here. One side advocates and directly aids in the death of innocent human beings, the other is working to prevent that or stop it entirely.

I do not know what self interest you perceive in this situation. And all I can see is the hope for a future where we really do look out for each other, the mothers, the dads, and the babies and not discarding one over the others.

Brian,

You are jumping to conclusions when you have not investigated if Time Out Studio has supported Pro-Life organizations.

What would you do when you find out the studio has indeed supported both?

It looks as though you cannot see a world where people support each other and stop looking out only for their own self interests.

Dear Jeanne,

I have not disseminated any information regarding this so far nor have I jumped to any conclusions. I am working from information disseminated by Prochoice Resources for all the

world to see. If indeed you have donated to Prochoice Resources, that fact speaks for itself, a direct involvement in paying for the killing of innocent children. If you have not given to them, state it clearly just as several other listed "sponsors" have done.

Brian,

What would you do if Time Out Studio donated to an organization against abortion? Have you looked into that? I suggest you do.

Maybe you should look into all the organizations our company donates to before you jump to conclusions.

Time Out Studio supports people living in peace, without judgement of one another.

Have you been here? Do you know what we stand for?

I suggest you check that out instead of spreading mis-information, hatred and fear.

Our community will thrive when we support each other.

To Whom It May Concern:

According to the Prochoice Resources website, Time Out Fitness is one of the sponsors of their bowling fundraiser on March 20 (<http://bowlathon.prochoiceresources.org/pcrsweet/sponsors.asp>).

I am seriously dismayed at your business sponsorship of this vile organization. In their own words from their Facebook page, *"We pay for abortions. Without financial means, lots of people aren't able to access this medical procedure."*

By sponsoring anything to do with Prochoice Resources, your company is directly participating in killing unborn children.

We will be making this relationship known to thousands of families in the Twin Cities Metro area. Needless to say, many of your patrons will be as dismayed as I.

There are companies that had been listed as sponsors without ever offering to nor actually sponsoring this fundraising event. If you are one of these, let me know.
